Brightwave Labs - Employee Handbook

Welcome to Brightwave Labs. This handbook explains how we work, what we expect from each other and what you can expect from the company. It applies to every employee and contractor.

Working hours. Core hours are 10:00 to 15:00 in your local time zone. Outside core hours you choose your schedule, as long as your team can reach you for planned meetings.

Remote work. Employees may work remotely up to three days per week. Managers must approve exceptions in writing. Fully remote contracts are available for roles marked as remote-first in the job description.

Time off

Vacation. Every employee receives twenty days of paid vacation per year. Unused days expire on March 31 of the following year. Vacation requests must be submitted at least two weeks in advance, except for emergencies.

Sick leave. Employees receive ten paid sick days per year. A medical certificate is required after three consecutive days.

Parental leave. The primary caregiver receives sixteen weeks of paid leave and the second caregiver receives eight weeks. Leave can be taken at any time during the first year.

Public holidays. The company follows the public holidays of the country in your contract.

Expenses and equipment

Equipment. The company provides a laptop and a monitor to every employee. Equipment is replaced every four years or earlier if it fails. Return all equipment within ten days after leaving the company.

Expenses. Submit receipts through the expense portal within thirty days. Travel must be booked through the approved agency. Meals while travelling are reimbursed up to fifty dollars per day.

Learning budget. Each employee has an annual learning budget of one thousand dollars for courses, books and conferences. Unused budget does not roll over.

Security. Use the company password manager and enable two-factor authentication on every work account. Report lost devices to the security team within one hour.
